

# Medical Report

Report ID: RPT-92ACA2F6

---

**Patient Name:** admin

**Date:** 2025-02-20 14:29:18

## Diagnostic Findings

**AI Analysis Result:** Corona Virus Disease

**Clinical Notes:** The X-ray reveals bilateral peripheral ground-glass opacities characteristic of COVID-19 pneumonia. Pattern is consistent with viral pneumonia.

## Recommendations

- Immediate isolation to prevent transmission
- Monitor oxygen saturation levels regularly
- Supportive care and symptom management
- Follow current COVID-19 treatment protocols
- Regular virtual check-ins with healthcare provider
